## Precautions

- 1) To avoid a traffic accident, never use the player while driving or operating other vehicles. This may also be written in the law in some districts. To avoid any danger, please also do not listen at extremely high volumes while walking, especially when crossing the street. For safety purposes, wherever there are potential risks, please stop using the player.
- 2) Please connect the earphone prior to turning on the player. This not only avoids damaging the earphone but keeps the player in good condition.
- 3) Keep the player clean. Never store the player close to any heat source or dirty, humid or rainy places. Avoid direct sunlight.
- 4) If the surface is dirty, please clean it with a soft cloth wet with clean water or a soft cleanser. Never clean the case using alcohol or harsh abrasives.
- 5) Never use the player in an extremely dry environment to avoid static.
- 6) Never disconnect the player from a PC abruptly while downloading, uploading or formatting to avoid program failure.
- 7) When the player is used as a removable disk, please follow the proper file download and upload procedures. Our company resumes no responsibility for any files lost due to improper operation.

## System requirements

System requirements of MP3 player:  
Microsoft Windows 98SE/2000/Me/XP  
Pentium 200MHZ or above.  
USB port  
120MB hard disk space  
Mouse installed  
CD-ROM drive

## 1. Installation instructions

### 1.1 Installing the driver for Windows 98. (no driver installation required for Windows ME or above)

- Connect the MP3 Player to the USB port of the PC and a "Find new hardware" window appears on the screen. Click "Search latest driver for this device" and insert the driver CD into the CD-ROM, and then click "Next".
- Select "Look in" to direct the installation directory to the "Drivers" files in the driver CD, then click "Yes". The PC will install the Windows 98 driver automatically.

### 1.2 Installing the battery

Install one AAA 1.5V alkaline battery properly upon indicator on the player.  
Press the ►|| button to enter MP3 standby mode.

## 2. Connect /Download/Remove

### 2.1 Connecting to a PC as USB

Before operation, please insert one end of the USB cable included with the player into a PC and insert the other end into the MP3 player.

### 2.2 Download MP3 songs

You can drag and drop files and folders onto the removable device. The following screens display indicating that the player is in USB mode.

### 2.3 Removing the USB device

- a. Double click the Safely Remove Hardware icon in taskbar:

- b. From Safely Remove Hardware screen, highlight "USB Mass Storage Device" item.

- c. Click "Stop" button. "Stop to Hardware Device" window appears on the screen as shown in the picture below.

- d. Click "OK". After the "Safe to Remove Hardware" window appears, the player can be disconnected from PC safely.

**Notice:** Never unplug the USB cable when transmitting data with PC to avoid damaging the Player; after data transmitting, please do not disconnect the player from PC until "Device now be safely removed" appears; while using USB function, all other buttons will be nonfunctional.

Any application lost or I/O error and power on issues caused by improper operations, please refer to FAQ.

### 3. Basic operation

#### 3.1 Buttons and functions

- 1) Hold
- 2) Menu
- 3) |◀◀ Previous
- 4) REC/A-B
- 5) VOL-
- 6) Next ▶▶|
- 7) Earphone jack
- 8) VOL+
- 9) ▶|| Play/Pause/Stop
- 10) Microphone

#### 3.2 Power On/Off

From power Off mode, press the ▶|| button to power the player On and enter MP3 standby mode. Press the ▶|| button 3 seconds under any mode, the player will save data and enter power Off mode.

## DRM-9 function (Depending on Model)

### **Warning: Download operation of WMA music with DRM protection**

On Window 98SE/ Window ME / Windows 2000/ Windows XP, WMA music with DRM should be transferred by Windows Media Player 9.0 and 10.0 (10.0 version for Windows XP only) to the player.

Other download operations will cause the player to not be able to read the WMA music with DRM file.

### **Operation instruction:**

Window 98SE/ Window ME / Windows 2000/ Windows XP users should upgrade their Windows Media Player to 9.0 or 10.0 (10.0 version only for Windows XP).

A) **Windows Media Player 9.0:** (Window 98SE/ Window ME / Windows 2000/ Windows XP)

- 1) Connect the player to the PC.
- 2) Open Windows Media Player 9.0.
- 3) In Windows Media Player 9.0, open the desired WMA music with DRM.

**The system may request to download the license in case the user did not download the WMA music with DRM properly from the website. In this case, the user needs to download the license from the music publisher as shown in the instruction of the Microsoft Website shown in the operating window.**

In operation window, click "File" → "Copy" → "Copy to Portable Device"

- 4) In the opened windows, choose the desired WMA music with DRM as in step 2) and then choose "Removable Disk"
- 5) Then click "Copy" to transfer the WMA music with DRM to the player.
- 6) After the file has been transferred, safely remove the player from the PC.

B) **Windows Media Player 10.0** (Windows XP only)

- 1) Connect the player to the PC.
- 2) Choose the desired WMA music with DRM.
- 3) Right click the file and choose "Add to Sync list".
- 4) In the open window, choose the "Sync" option.
- 5) In the "Sync" window, choose the desired WMA music with DRM as in step 2) and choose "Removable Disk".
- 6) Click "Start Sync" to transfer the WMA music with DRM to the player.
- 7) After the file has been transferred, safely remove the player from the PC.

### With reference to environmental protection

**Packing materials are raw materials and can be used again.**

Keep packing materials separate. For more information about recycling contact your local administration.

**Old devices do not belong in the domestic refuse!**

Dispose of old devices responsibly, and contribute to environmental protection.

Your local administration will inform you about collecting points and opening times.

**Old batteries do not belong in the domestic refuse!**

Dispose of old batteries accordingly and contribute to environmental protection.

Your local administration will inform you about collecting points and opening times.

This product complies with European directives

## Claims & Warranties

In case of possible product defects, please contact the dealer from whom you purchased the device. For this reason we recommend you save your purchase receipt.

### Service:
