

GUEST LECTURE SERIES ON MULTIPHASE TRANSPORT

Time: Monday 8 February, 13:15-15:00

Place: Dept. Petroleum Engineering and Applied Geophysics,
Room P1

Name:

Per Gramme
Grenland Group

Title:

**Lecture 1 – Oil-water emulsion
formation and behaviour in pipe flows**

**Lecture 2 – Separation of multiphase
mixtures**

We invite weekly lectures given by industry speakers on topics related to multiphase transport and flow assurance. The lectures are open and are relevant to all interested in petroleum engineering and subsea production technology.
